

ROBIN BAIRD WRIGHT – PLATINUM POLICY EXCESS AND LIMIT SECTION

This section forms part of your policy schedule. We will never pay more than the applicable limit shown in this document. Any cover that is included in your policy wording and is not shown in this document will be covered up to the applicable sum insured.

You may have to pay an excess. This is the first amount that you must pay towards a claim under this policy.

The following are the different types of excesses which could apply to a claim:

- **Basic excess:** This is the amount that you chose for the following cover sections: **Home, Contents, Assets specified** and **Motor**.
- **Additional excess:** This is an extra amount in addition to your basic excess. If additional excesses apply to you, we will note them in your policy schedule. More than one additional excess can be applied in the event of a claim.
- **Benefit-specific excess:** This is an excess that is predetermined for specific benefits and can either be a rand amount or a percentage of the total claim.
 - The benefit-specific excess applies if only the relevant item(s) is damaged, lost or stolen and no other items are being claimed for.
 - It is not treated as the highest excess if your claim involves more than one benefit or more than one cover section.
- **55 year or older excess:** All excesses (except those noted below) become Nil when the policyholder is aged 55 or older, unless the policyholder opts to pay a basic excess, as shown in the policy schedule. If the policyholder is aged 55 or older but the **driver** at the time of claim is under the age of 55 years old, a basic excess of R5 000 will apply. An excess will still be payable regardless of the age of the policyholder for claims related to the following benefits:
 - **Home** and **Contents** cover sections
 - Power surge
 - Alarm not activated additional excess
 - **Motor** cover section
 - Non-regular driver additional excess
 - Application of early-warning tracking device(s) accidentally not activated additional excess
 - Incorrect use of vehicle additional excess
 - Theft of spare wheels (including 4x4 cover)
 - Replacement of windscreen, fitted glass and lights
 - **Cyber insurance** cover section
 - Data restoration and malware decontamination
 - Express kidnapping
- If your claim involves more than one benefit under a cover section, you only have to pay the highest excess. The excess that you must pay is the total of all of the following:
 - Your basic excess or alternatively the rand amount or a percentage of the claim amount (as applicable).
 - Any applicable additional excesses.
- If you claim under more than one cover section because of the same event, you again only have to pay the highest excess (as explained above) between all the cover sections.
- If we settle a claim by making a payment to you, then we will deduct the excess from the amount we pay. If we settle a claim in any other way, then you must pay the excess directly to the service provider.

Section/Sub-section	Limit	Excess
